TORIES RULED OUT.

Only Liberals Invited to the Banquet to Earl Spencer.

The Irish Estimates—The Northcote Testimonial—The King of Dahomey Threatens to Eat Captive Frenchmen—A Rebel Attack on Kasai Repulsed—Heavy Loss by the Enemy.

Special Cablegram to the Post-Dispatch.

LONDON, July 21.—The only political matter of interest to-day is the wonderful rapidity with which the vote on the Irish estimates was reached. This has usually been the occasion of a long wrangle. Last night all were passed with mutual compliments, showing that the Irishmen were ready to fulfill their part of the bargain, for which the Tories paid so heavy a price last Friday.

THE SERGEANT-AT-ARMS.

The retirement of Captain Gosset, Sergeant-at-Arms, removes a most familiar figure from the House of Commons. Punch's caricature made him widely known. He wore in the Commons a short black gown and knee breeches and Punch easily made him look like a black beetle as he was bowing to the Speaker. So he came to be called the Black Beetle. He is now so old that it is all he can do to carry the mace before the Speaker. Last night he was so excited by his resignation after forty-nine years of service that he could hardly speak as he took me through his famous room and pointed out all the interesting political souvenirs and portraits there. He is a great favorite and his absence will be regretted by everybody.

POLITICAL TESTIMONIAL.

The testimonial to Lord Redesdale is receiving great support from both sides of the House. Many persons outside Parliament have sent checks to Mr. Pulteney, M. P., the treasurer, but those who were returned, as testimonial members only, the number of applications for seats at the banquet to Lord Spencer already far exceeds the space available. In view of Friday's debate, the banquet will become a political demonstration against Sir Michael Hicks-Beach's action. Chamberlain and Dilke announced as soon as the date was fixed that they had prior engagements.

THE NORTHWEST TESTIMONIAL.

LONDON, July 21.—Numerous Liberal as well as Conservative members of the House of Commons are subscribers to a testimonial to Sir Stafford Northcote.

Many Conservatives have asked for invitations to the banquet to be given to Earl Spencer in order to express their disapproval of the remarks made by Sir Michael Hicks-Beach and Lord Randolph Churchill, in the recent debate on Mr. Purnell's motion to inquire into the Maamtrasna cases. Only Liberals, however, will be invited.

PROTECTED BRITISH COMMERCIAL PORTS.

The Admiralty is maturing measures for the defense and protection of commercial ports in the British Empire.

CANADIAN PACIFIC MORTGAGE BONDS.

Baring Brothers announce the issue of a Canadian Pacific Railroad mortgage bond.

Spain.

THE CHOLERA.

MADRID, July 21.—There were 2,476 new cases of cholera and 163 deaths reported yesterday in Spain. In Madrid nineteen new cases and thirteen deaths were reported. The scourge has invaded Guadalajara, Burgos and Almeria.

Germany.

ARMED EXPEDITION.

BERLIN, July 21.—Four arctic expeditions will leave Germany next winter.

Africa.

ONE THOUSAND FRENCH CAPTURED BY CANNIBALS.

LONDON, July 21.—A dispatch received here to-day states that the King of Dahomey, with a large army, has massacred the French in the protected villages. The King has also captured 1,000 French persons, and he and his followers propose to eat them.

France.

A TERRIBLE DISASTER.

PARIS, July 21.—Dispatches from Arles, on the Rhone, state that a terrible explosion occurred in that city this afternoon. The telegrams say that the explosion originated in a gunpowder and petroleum warehouse, and that a number of persons were killed, some of whom were blown to atoms. The number of victims has not yet been ascertained.

The Sonoran.

THE ATTACK ON KASAI.

CARDO, July 21.—News has reached here from Kasai to the effect that a large force of rebels have attacked that place and made several desperate attempts to capture it by assault. They were finally repelled, and the garrison at Kasai, following up their victory, captured the rebel camp with 8,000 oxen and sheep, and 700 rifles. The enemy lost 3,000 men, killed and wounded, while the garrison's casualties were small.

THE SARATOGA RACES.

Mamie Hunt and Volante Winning in the First and Second Races.

SARATOGA, N. Y., July 21.—The racing season opened at Saratoga to-day under the most favorable auspices. The first race was for a purse of \$300, of which \$100 went to the second for all ages, entrance free, five furlongs.

The winner was Mamie Hunt; Jim Reivick, second; and John Dugan, third. The first race on the Ossenterville Road, came into town last evening and an inquest held by Coroner Woods and an inquest held by Coroner Woods, while findings with the two coroners in company with a coroner Brown, had his right hand severely gashed by a knife in his comrade's hand.

The funeral of Henry Gundich, the merchant who died on Saturday morning, will take place from his family residence to-day, at 10 o'clock, to Walnut Hill cemetery. Dr. J. R. Patrick, of this city, has left for Minneapolis to attend the National Convention of Dentists being held there.

The second race was won by Volante; Pearl Jennings, second; Tom Martin, third. Time, 1:10 1/4.

The third race was the Traveller Stake, a sweepstakes for \$500, \$100 in plate, \$300 in plate by Mr. Wm. E. Miller, the second to receive \$100 out of the stakes, maiden allowance. The race was won by Volante; Pearl Jennings, second; Tom Martin, third. Time, 1:10 1/4.

The fourth race was for a purse of \$400, three-quarters of a mile. The race was won by Rosiere, Thady second, and Disturbance third; time not taken.

ON THE FRONTIER.

HOSTILE INDIANS KILLING MEXICANS NEAR THE MOUTH OF PINTO CREEK.

GALVESTON, TEXAS, July 21.—A San Antonio official to the news says: "A private letter from Kinney County states that hostile bands of Indians, taking advantage of the withdrawal of the cavalry from this district, are at large on the frontier. The writer states that Mexicans at the mouth of the Pinto Creek, eight miles from Las Vegas, and about twenty other points have been killed in the Trans Rio Grande, near the border, by Indians, and that a band of fifteen raiding warriors have been in Kinney, near Manning Brothers' ranch. So far as I can learn no loss of life has attended the Indian raid in Texas."

THE WHISKY POOL.

Meeting of the Northwestern Distillers at Chicago To-Day.

An application was presented to-day to Judge Dillon in behalf of Frederick Simon, who seeks to recover his little son, Erich Simon. The petitioner alleged that the child is in the possession of Lillian C. Simon and George J. Bevans, at 110 Chambers street. He had made repeated demands for the return of his son, but had been refused. After the length he resolved to seek the intervention of the court. Judge Dillon ordered the writ to issue, returnable upon noon tomorrow at 3 o'clock.

fool, he was informed, regulations should be issued. Only five or six members of the old pool are absent from the meeting, and they are expected to be present at the session to-morrow. More stringent regulations governing the pool will be adopted and a money forfeit will be required from members to be deposited with the sheriff. Members will be required to furnish monthly reports of all pool prices and no cause apparent for depreciation or cutting of prices.

FINED IN THE FIRST DISTRICT.

Hard Cases Disposed of by Judge Cady This Morning.

"How many cases, Lynch?" Judge Cady asked of the court vocalist this morning as he reached the rostrum and began to prepare for action.

"Forty-nine, your Honor, mostly straight drunk and disturbances."

"And how is the thermometer?"

"Fifty-three in the shade, Your Honor."

"That settles it," the Judge remarked as he turned to his friend, Alvin C. Clark, and said, "Let us have the heat off his chair, and sat down in his shirt-sleeves, waiting to view the chest of a Herkimer, the neck and head of an Apollo, and a pair of embroidered suspenders that excited the envy of all who beheld them. Having taken a drink of ice-water, he ordered Court to be opened and concurred in his energies to consider the case of the chancery of New Orleans, the middle-aged young woman, the witness against whom was Sergeant McGraw of the Mayor's office, whose soft-spoken testimony was impressive.

"It is of little shame, your Honor—called in at the Mayor's office—a most flagrant case. Judge Smith taunted him."

"How did you stand it yourself, Alex?" the Judge asked.

"I am not so bad as to carry the mace before the Speaker. Last night he was so excited by his resignation after forty-nine years of service that he could hardly speak as he took me through his famous room and pointed out all the interesting political souvenirs and portraits there. He is a great favorite and his absence will be regretted by everybody."

THE SERGEANT-AT-ARMS.

FIVE O'CLOCK TEA.

"Tennis," says Miss Mary Jones, aged 40 and without beau, "enlarges the feet, burns the face and browns the hands. Dear, no! I never play that ridiculous game."

If the Fall Mall Gazette continues its exposure it will not be so nice to imitate the "English you know." English aristocracy Stock will soon sell considerably below par, it is feared.

It is at Newport that the ladies dress for a simple walk as if they were going to a reception at which ice cream and cakes were to be served. They are off on the eternal fitness of things.

Young ladies who are "taking lessons on the violin" ought to discontinue practice when they have time. This is at least the opinion of hundreds of people out of town in the hopes of escaping the nuisance.

Mothers who apparently like to go to extremes in fashion, now have their little daughters' Christian names embroidered on the front of their wide hats, the same mothers wear rings on their gloves.

It is not every lady at the summer resorts who has a dainty work basket with "Menton," "Cannes" or "Pan" inscribed thereon in embroidered letters, who has been abroad. "Goodness no; you can buy 'em on Sixth avenue."

An alleged improvement on the once fashionable "frock" is one in which an owl appears instead of the clock when the clock strikes and "toots" quite naturally. His daylight appearance, however, is not quite natural.

Corn dishes, newly imported, and which, by the way, come ahead of the corn, are in the shape of two bush leeks crossed to form the letter "X" and covered quite naturally for corn. These dishes are quoted among the "novelties of the season."

Necklaces of amber beads have come into fashion for young ladies. In old times these beads were exclusively worn by babies to keep them from biting the crop, but perhaps the denouement now adopts them to avoid being struck by lightning.

Summer hats now wear a bunch of ribbon on their manly brims instead of the usual bunch of artificial flowers. Anything so as to be different from the other cottage set, you know, yet a bunch of celery or asparagus tops would be just as appropriate.

As might have been expected, those coaching sun-bathers, who did "the 'morn" and bit, are "off again" among those for whom intended, and have fallen into the possession of those to whom coaching and coaching people are absolutely unknown.

Fresh ideas must have developed in the minds of the fashionable modistes, for ladies' suits, tailor-made and otherwise, become more and more beautiful and stylish as the seasons advance. It is nearer the truth to say that ever to say American ladies are the best dressed in the world.

Little girls in bustles are a comical if not a sad sight, and sustain the opinion so many old people have that there are no girls any more; that they are ladies before their teens have come. A little girl in a bustle is almost as much provoking as a stout woman in a bathing suit.

An innovation at Newport is the appearance of the footman and coachman on military's carriage wearing high white hats la a coaching club. The "distinction with a difference" is that Jeann and Thomas hats have a wider band than the similar hats worn by gentlemen of a higher station.

Lugubri hats, without any trimming, and fastened to the head by a tuft scarf going around the crown and crossed at the back to go around the neck and tie in front, is the fashionable head-gear for Newfie ladies in the morning. "Limb trumpet" hat is what the young ladies of Boston call them.

The idea of a seemingly large proportion at the expense of a well-known Episcopal clergyman who, a Sunday or two ago, in the midst of his sermon pulled a stocking, thinking it a handkerchief, from beneath his gown and wiped his face. It doesn't take much to make people laugh now-a-days.

The idea of the absurdity in fashion has been reached in some of the newest garden hats seen in the country this season. They are trimmed with tiny cucumbers, currants, pumpkins, radishes, lettuce leaves and celery tops in lunatic profusion. No wonder some of the girls of the period boast that they create a sensation wherever they go.

There are new patterns of patterned forms and materials as even, and the collection ought surely to delight the feminine heart and over heated body. Some of the quaintest are of white muslin with ribbon inserted to look like embroidery, and in half-moon shape, and others as pretty as of thinnest sandal wood inlaid with brilliants.

It is difficult to induce the young ladies at the beach to wear the small and prettily foot, to wear the Alpine shoes for tramping. They are said, while comfortable, to swell the feet "dreadfully," and make "one's feet look as big as all get out!" Even in our recreations and holiday times does our pride govern and influence even our extremitas.

Efforts to Bull Vanderbilt and Grangers bear Gould Stocks.
By Special Wire to R. S. McCormick & Co.
New York, July 21.—There has been a struggle in the market to-day represented by the efforts to bull Vanderbilt and Grangers and to bear the Gould stocks. Each party has been successful at intervals, and the day closed without a decisive victory for either. There is no doubt, however, that the break in U. P. This indicates that the people who have been instrumental in the fall of the market have been successful in their efforts to bear the Gould stocks. The break in the Union Pacific is unchanged. The break in the Union Pacific has been attributed to Mr. Gould, but Mr. Gould's efforts to bear the Gould stocks have been offset by the efforts of the Grangers to bear the Gould stocks. The Grangers have had a decline of six points in ten days, enough, we think, to justify some advances with favorable conditions in the general market.

Wall Street.

Wall Street, N. Y., July 21.—The stock market has been quite quiet during the past week, the opening being on a high note. The prices of the stocks were generally reduced. The market was checked about 11:30 and a fractional decline set in which was checked shortly before 12 o'clock. The market then fell steadily until 1 p.m., when it became strong. The rally, however, was very feeble and the market closed, however, barely steady for some stocks and heavy for others.

Monday, July 21.—Mexican 7s 35; scrip 75; com. 2 5/8.

MONDAY, July 21.—Noes—Money at 1 per cent, bar silver \$1.075. The stock market was active and strong after 11 o'clock the advance ranging from 5% to 1/2 per cent again led by Lake Shore, which was up 1/2 per cent. The prices of the stocks were generally reduced. The market was checked about 11:30 and a fractional decline set in which was checked shortly before 12 o'clock. The market then fell steadily until 1 p.m., when it became strong. The rally, however, was very feeble and the market closed, however, barely steady for some stocks and heavy for others.

TUESDAY, July 21.—Mexican 7s 35; scrip 75; com. 2 5/8.

MONDAY, July 21.—Consolidated opened 90 1/2 for both money and account, and have continued steady at the same figure up to this hour.

TUESDAY, July 21.—Consolidated 90 1/2 for both accounts.

TUESDAY, JULY 21, 1885.

Subscribers to the Post-DISPATCH who contemplate leaving the city during the summer will receive their paper as usual if they will leave the new address at this office or give it to the carrier.

MINISTER PHELPS, who was sent as an envoy to Great Britain, has been making a speech in honor of a boy named ALBERT VICTOR, in which he says that the people of America call the people of England "brothers." We do not see that Mr. PHELPS is not as bad a man as Mr. LOWELL.

JOHN ROACH talks pathetically of his patriotic motives in building ships for the Government. His appeals for sympathy would be far more touching but for one little fact. It unfortunately happens to be a notorious fact that his patriotism did not keep him and the naval rings from getting richer and richer by his contracts all the time the navy was getting poorer and poorer.

The figures of the receipts at the Fair Grounds which we published yesterday should be an inducement to Mr. GREEN to give to the Zoological Department some of that touch of improvement which has marked every other feature of his administration. The experience of all European cities shows that a well-managed zoological garden is not only an attractive addition to a city, but a sound investment of money.

LAST week a New Orleans girl shot and killed a married man for trifling with her young affection. Yesterday an Iowa girl, Miss IDA KIMBALL, shot and killed a married man at Bedford for having been too intimate with her for a year past. The victims of "the mute sentinel of the fireside" may have deserved death in both of these cases, but young ladies should be more cautious in their dealings with married men and not push their flirtations to such desperate extremities.

GEN. SHERIDAN's report on the nature and origin of the cattle trail complications and Indian troubles in the Indian Territory will probably go to the bottom of the Indian Land lease business, and it will show why President CLEVELAND requested Gen. SHERIDAN to visit the scene personally. The President wanted reliable information, and the report of the Lieutenant-General will carry with it such a weight of authority that it is likely to determine the future policy and action of the Administration in regard to those matters.

SENATOR A. M. ALLEN is called a liar and a base slanderer, but not by MR. SEIBERT, nor by any other Prison Inspector, nor by any member of the Legislature. Those who were there seem to entirely satisfied with Senator ALLEN's statement in regard to the original private understanding with SEIBERT, WALKER and BOONE that the branch penitentiary was to be located at Kansas City. The only person who volunteers a public denial in defense of Mr. SEIBERT, is a gentleman who was industriously editing a newspaper 250 miles away at the time of these transactions, and who seems to evolve his information on the subject from his own confidence in the sincerity of Mr. SEIBERT's loyalty to Southeast Missouri.

The Kansas City Times has gone to the superfluous trouble of reprinting some of the Republican's former snubs and jibes and insults to the Democratic party at the time it thought that the dying lion of Democracy was ready for the ass' kick. But since then the Republican has lost half of its circulation, two-thirds of its business patronage, and fifteen-sixteenths of its political influence. Its senior proprietor is dead; his estate is bankrupt; the junior Colonel is an office beggar in New Mexico; its editor has left it, and the establishment is in charge of a syndicate of imbeciles, graduates of the Bolivar *Buzz-Saw* and the Jimtown Weekly *Jim-piscuit*. Under such circumstances, any one who would needlessly reproach the sonia sheet with its former treachery would be capable of going out to the Poor House and clubbing a pauper for his misdeeds when he was a lusty tramp. Give us a rest on the Republican's treachery.

The Police and the Buzz-Saw. From the Kansas City Times.

We are unconsciously grieved to learn that that able editor and sterling business man, Sam Clubb of the Missouri Republican, has been arrested, charged with the following language to an old friend and associate: "You — villain, why will you not fight? You mean skunk. You are the nastiest scoundrel I ever saw, and ought to be quieted. Why will you not rouse up and become a man, you yellow dog. Will you come to my office and tell me where to kill you? You are a scoundrel!" This is a beautiful illustration of the new management has infused into the Republicans. And Sam writes just as we talk.

An Illustration of New Life. From the Kansas City Times.

The Police and the Buzz-Saw. From the Kansas City Times.

A retired Policeman being asked if he knew the difference between an Editor and a Buzz-Saw, replied from force of habit: "Ol' don't mind either of them. Ol'll go ball out laid aghther of 'em out wid my clubs and run in da." He was shortly afterwards introduced to a Buzz-Saw, which he attempted to interview with his clubs after the approved fashion of Policemen, and his widow draw \$1,000 from the Benefit Fund.

The Moral of this Fable teaches us that the policeman should stick to his beat.

Give Another Man's Kinfolks a Chance. From the *Spokane Democrat*.

They accuse Senator Cockrell of nepotism, because he and nearly all his wife's relations are now office-holders under the Federal and State Governments. When his present term expires he will have been in the United States Senate for twelve years, and has made a very good Senator, but there are at least 1,000 other men in the State, who are equally as well qualified and deserving as he is. It would

and by the State Board of Equalization, of which the Prison Inspectors are members. It would not look well for them to help sell the State, at \$1,000 an acre, a tract of land which they have valued at only \$100 per acre or less for taxation. A little investigation might satisfy Mr. WALKER that the last actual sales of adjoining land had been at prices far below \$1,000 per acre. The Orphans' Home tract, a mile nearer the corporation line, was alleged to be worth \$40,000 some years ago when the State was induced to expend \$50,000 in improving it. The State lost that money, and the whole tract, with the grand new building which the State had erected on it, was sold to H. H. SKELLES some three or four years ago for \$35,000. If the "bold road" which is supposed to make the proposed site eligible and valuable for Penitentiary purposes should happen to "play out," the location would be another unlucky speculation for the State in Kansas City.

His Great Sermon at Pittsburg Last Sunday.

Ho Discourses on Sabbath-Breaking—On Profanity—On Gambling—On Drunkenness—On Impurity.

DEMOCRATIC BOSS.

From the *Cassville Democrat*.

Some people find fault with John O'Day because he works in the interest of the railroad company, but they are wrong in this, for he is the hired agent of the company, and does nothing but his duty as a lawyer, when he works for their interest at the expense of the great mass of the people. It is not responsible for the failure of the railroad company to identify their interests with that of the people.

MEXICAN EDITORS AT HOME.

From the *Two Republics*.

Enrique Trejo, the Juvenal of the *Monitor*, is said to be suffering from heart trouble in the Belon prison. The physicians Joses Banderas and Lavista are in attendance upon him.

CALL ON SEIBERT.

From the *Fredonia Democratic Standard*.

Mr. Seibert of Cape Girardeau was thought to be a man by the people of Southeast Missouri when they voted for him for Treasurer. If he is let him repute the charges of Senator A. M. Allen.

TOOTHLESS OLD AGE.

From the *Redlands Bazaar*.

Even so very foolish, to say the least, for the St. Louis Republican. It should have more tolerance for toothless old age.

NOT CRAMP, BUT SENILE GANGRENE.

From the *Montgomery Journal and Daily*.

The Post-DISPATCH ought to administer another dose of sooting syrup to the Republican, for it seems to have another attack of cramp jealousy.

THE HONEY CROP A FAILURE.

From the *Farmington Times*.

It is said that Auditor Walker has a gubernatorial bee buzzing in his bonnet. From present indications it will not be able to gather much honey down this way.

CESAR REVERSED.

From the *Cape Girardeau Democrat*.

In the location of the Penitentiary No. 2 we say with Ceser v. vidi, vidi—vix verba.

THE METROPOLITAN PRESS.

What the Editors of the New York Journals are Saying To-Day.

By Telegraph to the Post-Dispatch.

New York, July 21.—The World says: "The bankrupt of John Roach is attributed by his friends to the unfeeling conduct of Secretary Whitney in refusing to allow the Government to be defrauded by the acceptance of a worthless vessel, never authorized to be built and wholly valueless, an addition to the navy. Yet the contractor for the Dolphin has received in advance, through the intermediary of Secretary C. C. Van Zandt, \$73,000, and the entire contract price was \$35,000. So that the great shipbuilder, according to this story, is thrown into bankruptcy for \$15,000."

THE SIN OF IMPURITY.

Now the next sin we take up is the sin of impurity. Tell you my fellow countrymen that there is anything I love my native land for it is for the beauty and purity of the women of America. No woman is more pure than a woman of whom I speak. Thank God for the chaste and virtuous purity of American women. Say amen to that.

NOW, let me tell you, there is always something to be gained by telling things like this.

MEET THE HONEY CROP A FAILURE.

From the *Post-Dispatch*.

Now hear me on that point. The (P.W.) Mail or Pall Mall, or whatever you call it Gazette has just come out with some wonderful revelations concerning the London Honey Crop. Oh, my! Oh, my! Oh, my! I tell you, my fellow countrymen that there is anything I love my native land for it is for the beauty and purity of the women of America. No woman is more pure than a woman of whom I speak. Thank God for the chaste and virtuous purity of American women. Say amen to that.

GAUDAUR'S GLORY.

"Our Jake" Lowers the Record in the Three-Mile Scull Race.

J. A. St. John's Challenge to Bow Beach for \$5,000 a Side and the World's Championship Vindicated.—The Coming Race Between Gaudaur and Hanlan—Yesterday's Base-Ball Game—Diamond Dust—Sundry Sporting.

There is no city in the Union that is making so good a showing as St. Louis in boating matters. The grand victory of Jake Gaudaur yesterday at Pittsburgh over Teemer, Hamm, Hosmer, Ten Eyck and others places his head and shoulders above all scullers, and his remarkably fast time for the three miles will remain unbeaten for many seasons to come. Up to the race yesterday the fastest time ever made in a three mile race was 19:32 1/2. This reduces the record 23 3/4 seconds, which is truly wonderful. Gaudaur can even do better than this, as in private at Creve Coeur Lake he has made three miles in 19:30. St. Louis should be proud of him, and upon his return he should be accorded the same welcome by St. Louisans as was given to Hanlan upon his return to Toronto in 1878. When Mr. J. A. St. John issued a challenge some time ago to Beach to row for \$5,000 a side and the championship of the world, many thought he had overestimated the ability of his crew, and that he should seek larger number boats. As Beach refused to have him compelled to do so, and the result of Gaudaur's efforts at Boston, July 4, and at Pittsburgh, July 20, demonstrates the soundness of his judgment in offering "to back Gaudaur for the three miles."

At present it has not yet been decided where the race between Gaudaur and Hanlan shall take place. Mr. St. John's proposal is \$5,000, though he could collect enough to make up a sum of \$1,000.

St. Louis people would have a rare treat if he could arrange to have the race take place at St. Louis. The two scullers are now engaged in a rowing race at Point of Pines or at Worcester, as the propositions from those places are extremely interesting. Our gentleman said he had already received promises of \$500, though he could collect enough to make up a sum of \$1,000.

The Chicago Club has been particularly lucky in playing against the other Western clubs, losing but one game out of the twenty-four played. It has happened that St. Louis, Detroit and Toledo have been in a proposed condition when Chicago was the opposing team.

A commercial traveler: "The first year Detroit had a club I was living in Cleveland, but it was a terrible place to live in. I had to go to Toledo, making a bluff at the club I made him put up. The team was lucky that year, and I made money enough to pay my board and keep me in shape. The third year I lost enough to pay the board of the whole team. I haven't bet on base-ball since."

Sporting Sundries.

Morgan and Driscoll have signed articles to walk a 50-mile race for \$500 a side September 1. The race will occur at either Lawrence or Lynn, Mass.

The "coming" young English pedlar, J. W. Bass of Liverpool, London, wants a match for \$500 a side with the "Red Caps" of New York.

The Belleville Driving Club, of Belleville, Ill., was yesterday incorporated. The capital stock is \$4,000, and the incorporators are H. M. Nuckles, William H. Radford, S. M. Waugh, W. J. Ward and Curt Hennfelden.

L. E. Myers' future engagements in England are as follows: Balsam and Windsor, July 18; Blackheath, July 23; Blackfriars, August 1; Stoke-on-Trent, Aug. 4. Starting about Aug. 15, he is announced to take passage for home August 15.

J. W. Raby, the English heel-and-toe pedestrian, who beat the best American hour record of 8 miles, 10 feet, 10 inches, at Boston, last Saturday, and was closely following Hanlan. At the turn the Gaudaur was three lengths in front of Teemer with Hamm two lengths behind Teemer. In this position they came home. Gaudaur was pleased by four lengths in 19:32. Gaudaur and Hosmer won the double scull race in 18:41 seconds, leading from start to finish. The consolation race was won by May.

The Buffalo Club.

Late reports regarding the Buffalo Club now make it certain that the club will not disband at present, but will do so at the end of the season. It seems certain, however, that some of its members are to be transferred to the Boston Club, but there are various reasons why the club should play their scheduled games. The Boston Post says:

"In the first place Buffalo is simply getting ready to withdraw from the Association, and the club is as poor as poor can be. The club contains some of the most valuable material in the country. It would profit the management little to retain these men, and the club, while it can afford a good substantial bonus, can be acquired by giving them to some wealthy organization like the Boston Club. Probably several thousand dollars can be realized by this sale, since almost the entire deficit in the Buffalo treasury up to date this season, the Buffalo Club is now at the bottom of the heap, and can get along, at least temporarily, by incurring a present position of the poor, and a team composed wholly of second-class men cannot do any worse. Therefore cheap transfers to other places of the leading players, and the schedule will play out on an immense saving in salaries and a snug little sum of bonuses. Then again, if the club should disband now, it would be a great loss to the city. It is expected that William Vaughan, the ex-champion of England; George Littlewood and James Mason, of Cowie; E. F. Weston, the Foxe Gazette unknown, and Fred Farnham, a well-known player, will be retained, and the club will receive the entire sweepstakes and one-half the gate receipts. All the arrangements are now being completed, and the club will be in a position to meet the demands of the season.
